

Purpose

The Ontario Out-of-Country Bursary for Students who are Deaf or Hard of Hearing provides non-repayable assistance to students who are Deaf, deaf, deafened, or hard of hearing (henceforth referred to as “students who are deaf or hard of hearing”) and are attending a postsecondary institution outside of Canada. This bursary assists students with eligible education costs that are in excess of the funding received through the **Ontario Student Assistance Program (OSAP) for Full-Time Students**.

Eligibility requirements

To be eligible for this bursary, you must meet all of the following requirements:

- You have a permanent hearing disability;
- You are enrolled in a postsecondary school outside of Canada that is approved for OSAP purposes;
- You are enrolled in an eligible program of study where the only language of instruction is American Sign Language (ASL) or Quebec Sign Language (LSQ) (see the “Eligible programs of study” section, below);
- You are taking 40% or more of a full course load;
- Your eligible education costs exceed the Canada-Ontario Integrated Student Loan maximums for your study period;
- You have submitted a **2021-22 OSAP Application for Full-Time Students**, including all required documents and have met all eligibility requirements for that program.

Eligible programs of study

Programs provided in ASL at the following schools outside Canada are considered eligible programs for the purposes of this bursary:

- Gallaudet University in Washington, D.C.
- National Technical Institute for the Deaf in Rochester, New York
- Rochester Institute of Technology in Rochester, New York

Other schools outside Canada where students are enrolled in a program where the only language of instruction is ASL or LSQ may also be eligible.

If you are not sure if you or your program of study are eligible for the purposes of this bursary, contact the Student Financial Assistance Branch. See the “Questions?” section on page 2 for contact information.

Required documents

You must provide the following documentation along with this bursary application:

- Proof of your permanent hearing disability (a medical certificate or an audiological report);
- Proof of your room and board costs during your study period from your school if you are living on campus (regardless of your method of study: i.e. in-class and/or online/correspondence/distance education);
- Proof of your out-of-country health insurance costs during your study period, if you’re studying in person (e.g. a written estimate from your insurance company or your school’s health plan).

Note regarding currency conversion

The ministry requires that some documented costs be provided in U.S. dollars. The conversion rate used by the ministry is based on a two-week average. Fall disbursements will use an August two-week average, winter disbursements will use a December two-week average and spring disbursements will use an April two-week average. Any differences between the exchange rate used to calculate your bursary funding and the exchange rate at the time you receive your bursary funding will not be adjusted.

Note: You may be charged a fee by your school for converting your bursary cheque into U.S. funds. You will not be reimbursed by the ministry for this fee.

Reminder

To be considered for this bursary, you must also submit a **2021-22 OSAP Application for Full-Time Students** including all required supporting documents. Your application and required documents must also be received by the corresponding deadlines.

Getting your funding

Your total bursary entitlement will be split into two or three equal payments that will be available at your school at the beginning of each term/semester. Each instalment will be in the form of a cheque issued in Canadian dollars. Your school must confirm your enrolment before they can release any bursary cheque to you.

You are responsible for contacting your school's financial services office or international students office to pick up your bursary cheque. Bursary funds are to be used to pay the fees owing to your institution first.
