Required Documentation: Parent(s) must attach a letter outlining the current family income situation and the extenuating circumstances in 2012 that substantiate the use of estimated 2012 income instead of actual 2011 income. **Detailed information and instructions are on the reverse.** Indicate parent's estimated income for the period January 1, 2012 to December 31, 2012. Enter amount in dollars only; do not indicate cents.

Estimated total income as will be reported on line 150 of 2012 Canadian income tax return	\$	\$
Estimated 2012 income from all other sources that will not be reported on a Canadian income tax return	\$	\$

Parent(s) must enter an estimate of his or her total income for 2012. If parent(s) intend to enter data on line 210 of the 2012 income tax return, subtract the amount that will be entered on line 210 from the amount to be entered on line 150. Enter the revised amount as the estimate of the parent(s) total income for 2012.

Parent's Declaration

I declare that the income information that I provided is an estimate for the 2012 income tax year and that I have provided all required supporting documentation that substantiates the use of my estimated income. I understand that an audit will be conducted by the ministry to verify my actual 2012 income. If there is a discrepancy, the student's funding will be reassessed, which may change the amount of funding for which the student is eligible.

Student's Declaration

I understand that my OSAP application will be reassessed based on the parent's estimated income provided on this form. I understand that the use of estimated parental income is for non-recurring and/or extenuating circumstances in which the prior year's parental income may not accurately reflect the current family income situation. The ministry will verify parent's 2012 estimated income with Canada Revenue Agency (CRA) when income tax information becomes available. At that time, my OSAP application will be reassessed, and it may affect my eligibility and the type and amount of assistance. If I received assistance in excess of my entitlement, I will promptly repay all or part of my grants, loans, bursaries, and/or scholarships, or my future loans may be reduced by the amount I owe. I will keep a copy of this form and any supporting documentation for audit and verification purposes.

Use of this Form

A student may request that his or her 2012-2013 OSAP assessment be calculated using the parent's estimated 2012 income rather than the parent's actual 2011 income.

A request can only be considered when an assessment of the parent's estimated 2012 income would be a better indicator of the parent's current financial situation because of non-recurring and/or extenuating circumstances. Examples of non-recurring and/or extenuating circumstances can include, but are not limited to the following:

- death of a parent;
- separation or divorce of parents;
- loss of full-time employment by parent;
- illness or accident; or
- retirement of parent.

Documentation Requirements

The student is required to provide all of the following documentation in order for a request for assessment on parent's estimated 2012 income to be considered:

- completed 2012-2013 Request for Assessment on Parent's Estimated Income form;
- letter from the parent(s) explaining the non-recurring and/or extenuating circumstances that would substantiate using an estimated 2012 income rather than the actual 2011 income;
- supporting documentation for the explanation provided; and
- documentation for the amount of parent's 2012 income to date (e.g., pay stub with year-to-date earnings).

The student is responsible for submitting the completed form and all required documentation to the financial aid office at his or her school prior to the OSAP review deadline, which is 8 weeks before the end of his or her study period.

How to Complete this Form

- Parent(s) must fill in his or her name, Social Insurance Number, and sign and date the declaration.
- Student must fill out the Student Information section and sign and date the declaration.

The student must keep a copy of this form and any required documentation for audit and verification purposes.

When a Request Cannot be Considered

A request to use an estimated 2012 income cannot be considered if the circumstance is recurring or is not extenuating. Further, for the purposes of determining an OSAP applicant's eligibility for grants under the Canada Student Grant program, only actual income can be considered, as per Government of Canada requirements.
