

Purpose

Normally your parent's 2020 income information is used when assessing your 2021-22 OSAP Application for Full-Time Students. Use this form to request that your parent's estimated 2021 income be used instead of their 2020 income.

You can make this request if your parent's financial situation changed in 2021 because of unexpected and/or one-time circumstances, such as:

- loss of income as a result of the COVID-19 pandemic;
- loss of full-time employment and/or new employment at a lower pay rate;
- illness, accident or retirement; and/or
- receipt of a severance package, insurance settlement or other one-time income payout.

In order to complete this form, you must have already submitted a 2021-22 OSAP Application for Full-Time Students.

Required documents

Your parent must provide documentation (e.g. letter from employer, legal documents) that supports the circumstances that led to a change in income. An original signature is required to complete the form.

Verification of income

The ministry verifies income information provided for your application. If your parent's 2020 income can't be verified with the Canada Revenue Agency (CRA), they must complete the 2021-22 Parental Income Verification: Canadian Non-taxable and/or Foreign Income form.

If the ministry cannot verify your parent's estimated 2021 income within 12 months from the start of your 2021-22 study period, any Ontario Student Grant you receive will be converted to a loan that you must repay.

If your parent's final verified 2020 income is greater than the estimate you provide, your OSAP will be reassessed using their actual 2020 income, and grants you have received based on the lower estimate may be converted to loans.

Parent's declaration

- I have given complete and true information on this form.
- I have provided all required supporting documentation required by this form.
- I understand that if this review request is approved, my child's OSAP application will be reassessed based on my estimated income provided on this form. This estimated income would be used because non-recurring and/or unexpected circumstances have occurred and my prior year income does not accurately reflect our family's current income situation.
- I understand that the ministry will verify my 2021 estimated income with Canada Revenue Agency (CRA) or through other means when income information becomes available.
- I understand that if my child's application is reassessed after my 2021 estimated income is verified, it may affect my child's eligibility for OSAP and the type and amount of financial assistance my child receives. Any grants that my child receives may be converted into loans if the reassessment results in a determination that my child is no longer eligible for the grants or that my child is no longer entitled to the amount of the grants received.
- I understand that any Ontario Student Grants that my child receives will be converted into loans if the 2021 estimated income I reported cannot be verified to the satisfaction of the Minister.
